

Blood Ties Four Directions Centre is looking for an energetic and passionate  
**Health Education Coordinator**

If you're interested in the field of  
Community & Sexual Health, HIV, Hep C & Harm Reduction  
we're interested in you!

**Focusing on community & sexual health programs with an emphasis in HIV/AIDS, HepC, Harm Reduction, and sexual health education you will:**

- Design, develop and deliver prevention education workshops and events to targeted at risk populations in Whitehorse, including: youth, street-involved youth, persons living with addictions, persons involved with the criminal justice system, First Nations, and those highly vulnerable to infection as a result of injection use;
- Design, coordinate and deliver awareness events: Support Don't Punish, Overdose Awareness Day, World Hepatitis Day;
- Coordinate, monitor and engage peers involved in program delivery;
- Design and deliver condom awareness programs.
- Deliver front line advocacy, support and harm reduction programs;
- Collaborate with Rural Partnership Coordinator to create cohesive programming and messaging for Whitehorse and Rural Yukon Communities. Work together to develop outreach strategies for both Whitehorse and Rural Yukon Communities

**The ideal candidate has:**

- Experience delivering health education programs in workshops or classroom setting;
- Knowledge of HIV & STI's, Hepatitis C and Harm Reduction;
- Knowledge of the social determinants of health and their relationship to HIV, STI's and HepC;
- Cultural competence in relation to First Nation people;
- Communication, organizational and event planning skills;
- Post-secondary training in a relevant field
- Experience developing and delivering education programs related to: harm reduction, sexualized violence, sexual health and consent, stigma, racism, sexism, social justice, or social equality in workshops or classroom setting.
- Understanding and nonjudgmental attitude toward behaviors that put individuals at risk for STBBI's.

**Is Blood Ties right for you?**

We have a friendly community oriented work environment with a great team passionate about a common goal: reducing health and social barriers for vulnerable people. We care about our community and we care about our team. Some of our perks include a meaningful mission driven work environment, all the free lube and condoms you could ask for (we're a sexual health organization too!), great conversations about life, sex, and politics, dog and baby snuggles, drunk goggle condom training, a regular stream of sass from our friendly admin assistant, Rick Mercer quality rants on social justice issues, baked goods and unlimited Hummus, and a swearing friendly environment. Also... \$27.05 per hour based on a 35 hour work week, comprehensive benefits package, 4 weeks paid annual vacation leave, ongoing training, and professional development opportunities. ### **Is Whitehorse Yukon right for you?**

Whitehorse is an exciting small city of about 25 000 people that hosts the capital of the Yukon. There is so much to enjoy about Whitehorse including beautiful summers, a vibrant art and music scene, the midnight sun and northern lights, and tons of outdoor activities year round. If you like history, there is much to discover about both Yukon First Nations and the Klondike Gold Rush. To top this all off, Whitehorse is connected by the highway network and serviced by three national airlines so the cost of living and traveling out of the territory is relatively low for a city in Northern Canada. Come and see for yourself why Whitehorse is called the 'Wilderness City.'

Please submit cover letter and resume to Brontë Renwick-Shields, Senior Case Manager at [education@bloodties.ca](mailto:education@bloodties.ca). Your cover letter and resume should highlight all relevant skills and experience.
